SELECT Statement Problem 1

Language used : MySQL

SQL Statement :

SELECT EventRequest.EventNo,DateHeld,Count(*) AS CountOfEventPlans

FROM EventRequest,EventPlan

WHERE EventRequest.EventNo = EventPlan.EventNo

AND WorkDate BETWEEN '2013-12-01' AND '2013-12-31'

GROUP BY EventRequest.EventNo,DateHeld

HAVING Count(*) > 1;

Snapshot :

```
mysql> SELECT EventRequest.EventNo,DateHeld,Count(*) AS CountOfEventPlans
    -> FROM EventRequest,EventPlan
    -> WHERE EventRequest.EventNo = EventPlan.EventNo
    -> AND WorkDate BETWEEN '2013-12-01' AND '2013-12-31'
    -> GROUP BY EventRequest.EventNo,DateHeld
    -> HAVING Count(*) > 1;
+---------+------------+-------------------+
| EventNo | DateHeld   | CountOfEventPlans |
+---------+------------+-------------------+
| E106    | 2013-12-12 |                 2 |
